ARTICLE III. PROPERTY SUBJECT TO THIS DECLARATION: ADDITIONS AND DELETIONS

3.1 No Implied Extension of Covenants. Each Owner and each tenant of any improvements constructed on any Lot, by becoming an Owner or tenant, shall be deemed to have agreed that (a) the Property described on **Exhibit A** and such additional property as may be annexed pursuant to Section 3.2 shall be the only Property subject to this Declaration, (b) that nothing contained in this Declaration or in any recorded or unrecorded plat, map, picture, drawing, brochure or other representation of a scheme of development, shall be construed as subjecting, or requiring the Declarant to subject any other property now or hereafter owned by the Declarant to this Declaration, and (c) that the only manner in which additional land may be subjected to this Declaration is by the procedure set forth in Section 3.2.

3.2 Additional Lands. The Declarant or the Association (upon the approval of its Board of Directors and with the consent of the owner of the additional land) may, but shall not be obligated to, subject additional land to this Declaration from time to time provided only that (a) any additional land subjected to this Declaration shall be substantially contiguous to the Property then subject to this Declaration (for purposes of this Section 3.2, any property that is located within the boundaries of the lands subject to the DRI shall be deemed substantially contiguous) and (b) the Owners of property within additional lands made subject to this Declaration shall be and become subject to this Declaration, and shall be responsible for their pro rata share of common expenses for which assessments may be levied pursuant to the terms of Article V of this Declaration. Addition of lands to this Declaration shall be made and evidenced by filing in the public records of St. Johns County, Florida, a Supplementary Declaration executed by the Declarant, the Association and the owner of the additional land, as applicable, with respect to the lands to be added. Declarant reserves the right to supplement this Declaration to add land to the scheme of this Declaration pursuant to the foregoing provisions without the consent or joinder of any Owner, any mortgagee of land within the Property or any other party other than the owner of the additional land, if applicable.

3.3 Withdrawal of Lands. The Declarant or the Association (upon the approval of its Board of Directors and with the consent of the affected land owner) may, but shall have no obligation to, withdraw at any time, or from time to time, any portion of the Property from the terms and effect of this Declaration. The withdrawal of land shall be made and evidenced by filing in the public records of St. Johns County, Florida, a Supplementary Declaration executed by the Declarant, the Association and the affected land owner, as applicable, with respect to the lands to be withdrawn.

ARTICLE IV.
COMMON AREA RIGHTS

4.1 Conveyance of Common Area. Declarant agrees that all of the Common Area owned by Declarant shall be conveyed or assigned to the Association, subject to covenants, easements, restrictions and other matters of record, on or before the date which is one hundred twenty (120) days after the Declarant no longer owns any portion of the Property, and the Association shall accept such conveyance or assignment. Upon the recordation of any deed or deeds conveying Common Area to the Association, the Association shall be conclusively deemed to have accepted the conveyance evidenced by such deed or deeds.

4.2 Owners' Easement of Enjoyment. Each Owner shall have a right and easement of enjoyment in and to the Common Area for its intended purpose, which shall be appurtenant to, and shall pass with, the title to the land of such Owner, subject to the following:

(a) The right of the owner of the Common Area to dedicate or transfer all or any part of the Common Area to any public agency, authority or utility;

(b) The right of the owner of the Common Area to make all or any part of the Common Area available for public use, provided that such use shall not unreasonably interfere with the use and enjoyment of such Common Area by the Owners.

(c) All provisions of this Declaration, any plat of all or any parts of the Property, and all applicable governmental restrictions, including without limitation the provisions of the DRI and the PUD;

(d) Reasonable rules and regulations governing use and enjoyment of the Common Area adopted by the Declarant or the Association, including without limitation, rules and regulations that designate certain portions of the Common Area for use by less than all of the members of the Association (for example, by designating the portions of the Common Area as Restricted Common Area);

(e) The rights of the Declarant and the Association under Sections 3.2 and 3.3 to add to or withdraw land from the Common Area;

(f) Easements, restrictions, agreements and other matters of record; and

(g) The right of Association, acting through its Board of Directors, to convey, mortgage or otherwise encumber any or all of the Common Area.

The foregoing easement of enjoyment in favor of the Owners shall not be construed to create or imply any other easements or rights not expressly created by this Declaration, it being the intent hereof to limit the Owners' rights of use of specific portions of the Common Area to only the intended purposes of such portions of the Common Area. For example, the creation of each Owner's right to drain such Owner's property into the portions of the Common Area included within the Surface Water or Stormwater Management System, does not create any right of access by any Owner to such portions of the Common Area over any other Owner's property or other privately owned portions of the Property.

4.3 Right of the Declarant to Designate Property as Common Area or to Withdraw Property from the Common Area. Notwithstanding anything to the contrary contained in this Declaration, the Declarant shall have the right, in its sole discretion, to designate land, easements, use rights and personal property owned by the Declarant as Common Area, provided only that such land shall be

located within the Property or substantially contiguous to the Property (for purposes of this Section 4.3, any property that is located within the boundaries of the lands subject to the DRI shall be deemed substantially contiguous). Without limitation, the Common Area may include a recreational amenity center, the use and cost of which may be shared with another community association pursuant to a separate cost sharing agreement. For so long as the Declarant shall own any portion of the Property, the Declarant may, at any time, withdraw, or cause to be withdrawn, land from the Common Area in the Declarant's sole discretion. The prior sentence notwithstanding, in the event such withdrawal of Common Area shall materially and adversely affect access, availability of utilities, or drainage to or from any Lot, the Declarant shall not have the right to withdraw such Common Area without the consent and joinder of the Owner of such Lot. Addition of land to and withdrawal of land from the Common Area shall be evidenced by recording a Supplementary Declaration in the public records of St. Johns County, Florida, which shall specifically reference such addition or withdrawal. Withdrawal of land from the Common Area by the Declarant shall terminate any and all easements and rights of use of the Owners in such land but shall not otherwise withdraw such land from the provisions of this Declaration unless such withdrawal complies with the requirements of Section 3.3. No land owned by the Declarant shall be deemed to be Common Area unless such land is expressly designated on **Exhibit D**, or is subsequently designated by the Declarant pursuant to Section 2.3 and this Section 4.3, even if the Declarant consents or acquiesces to the use of such land by the Owners. In the event any land, easements, use rights, or personal property owned by the Association is withdrawn from the Common Area pursuant to this Section 4.3, upon the Declarant's written request, the Association shall promptly execute and deliver to the Declarant any and all deeds, bills of sale, assignments or other conveyance documents as may be necessary or appropriate to effectuate the withdrawal of such Common Area.

4.4 Maintenance of Common Area and Compliance with Applicable Permits. The Association shall at all times maintain in good repair and manage, operate and insure, and shall replace as often as necessary, the Common Area and any improvements and landscaping (except utilities owned and maintained by public or private utility companies providing water, sewer, electrical, fire protection, cable television, telephone, or similar utilities to any portion of the Property, or any portion thereof) situated on the Common Area, if any. The Association shall maintain the Common Area in accordance with all permit requirements and conditions contained in applicable dredge and fill, consumptive use, surface water permits, or any other applicable permits issued by the United States Army Corps of Engineers ("ACOE"), Florida Department of Environmental Protection ("FDEP"), St. Johns Water Management District ("SJRWMD"), or St. Johns County, Florida, and in accordance with the PUD. All maintenance obligations of the Association shall be performed as ordered by the Board of Directors of the Association, and all or any portion of the cost of such maintenance incurred by the Association pursuant to this Section 4.4, shall be a common expense of the Association to be collected and paid in the manner prescribed by this Declaration.

4.5 Easement for Maintenance Purposes. The Declarant hereby reserves for itself, the Association, the Master Association and their respective agents, employees, contractors, successors and assigns, an easement for access in, on, over and upon those portions of the Property as may be reasonably necessary for the purpose of access to and maintenance of the Common Area, and other portions of Property to be maintained by Association, in accordance with the requirements of this Declaration or as provided by law. The Association is granted a perpetual non-exclusive easement for ingress and egress, at all times, over and across the Townhome Lots (hereinafter defined) for the Association to fulfill its obligations as set forth in this Declaration; provided however, that if the Association is ever dissolved then all maintenance, repair and replacement obligations relating to the Townhome Lots shall be the responsibility and financial obligation of the Owners of each such Townhome Lot and the Townhome Units located on each Townhome Lot. This easement shall not be exercised by any party in a manner which unreasonably interferes with the use, occupancy, or enjoyment of any lawfully improved portion of the Property. Further, in the event that any portion of the Property shall be damaged or altered in any way as the result of the exercise of this

easement, such portions of the Property shall be immediately restored to the condition that existed immediately prior to such damage or alteration by the party exercising such rights.

ARTICLE V. TOWNHOMES

- (c) **Party Walls.** All dividing walls between Townhomes beginning at the unfinished surface of each side of such wall located on a property line between two Townhomes. Taken alone, the fact that a dividing wall between two Townhomes is not on the property line between two Townhomes shall not prevent such a dividing wall from being a Party Wall.
- (d) **Roofing.** The entire roof of the Townhome, any and all roof support structures, and any and all appurtenances to such roof and roof support structures, including, without limitation, the roof covering, roof trim and roof drainage fixtures, all of which are collectively referred to herein as the "Roofing." - (e) **Foundation.** The entire concrete floor slab (or other floor system if used in lieu thereof) and all foundational and support structures and appurtenances thereto, all of which are collectively referred to as the "Foundation" of the Townhome. Should the Foundation or part thereof extend beyond the lot boundaries, same shall not be deemed to violate the provisions of this Declaration and such easements as may be necessary to accommodate and permit the Foundation as same shall be constructed or thereby imposed.
- (f) **Residence.** Any single family residential dwelling constructed or to be constructed on or within any Building.
- (g) **Townhome Exterior Building Surfaces.** The exterior walls, roofing, chimney or other existing roof structures, but excluding all doors and windows of Townhomes, all of which are collectively herein referred to as the "Townhome Exterior Building Surface."

5.2 Maintenance.

- (a) **Maintenance by Association.** It shall be the duty of the Association to manage and maintain (a) the exterior painting on the Buildings, including the outside of exterior doors, patios and balconies, when deemed necessary in the sole and absolute discretion of the Board of Directors; (b) the roof decking and shingles or other roof covering and roof surface materials on the Buildings; (c) a termite bond on each Building and such repairs and treatments as may be necessary to maintain such termite bonds; (d) mowing and maintenance of landscape beds on townhome Lots; (e) irrigation repair and maintenance on Lots; (f) and exterior maintenance of Buildings when deemed necessary by the Association.
- (b) **Maintenance by the Lot Owner.** Except for maintenance performed on or to a Lot by the Association pursuant to Section 5.2(a) above, if any, all maintenance of and repair and replacement to the Lot and all structures and other improvements located thereon shall be the sole responsibility of the Owner thereof, who shall maintain such Lot in a manner consistent this Declaration. Such maintenance obligation shall include, without limitation, the following: (i) prompt removal of all litter, trash, refuse, and waste; (ii) keeping improvements and exterior lighting in good repair and working order; (iii) keeping driveways and walkways in good repair; (iv) complying with all governmental health and police requirements; (v) maintaining grading and storm water drainage as originally established on the Lot; (vi) repairing exterior damage to improvements; (vii) all maintenance, repair and replacement to the residential dwelling located on the Lot, to the extent not maintained by the Association pursuant to Section 5.2(a) above; (viii) maintaining, repairing and replacing all storm water drainage facilities, including, all pipes, wires and conduits relating thereto, which exclusively serve the Lot; and (ix) maintaining, repairing and replacing all pipes, lines, wires and conduits, including, without limitation, plumbing, electric and sanitary sewer systems, which exclusively serve the Lot.

5.3 Party Walls. Each wall which is built as a part of the original construction of the Residence and Buildings upon the properties and placed on the subdividing line between the Lots, including the shared roof, shall constitute a "Party Wall" and, to the extent not inconsistent with the provisions of this Declaration, the general rules of law regarding party walls and liability for property damage due to negligence or willful acts or omissions shall apply thereto. The cost of repair and maintenance of a party wall shall be shared equally by the Owners who make use of the wall

5.4 Easements.

- (a) **Blanket Easement.** Declarant reserves for itself, its successors and assigns, and the Association a nonexclusive, perpetual, alienable blanket easement for the benefit of the Property upon, across, over, through, and under any Roadway, right of way and the Common Property for ingress, egress, installation, replacement, repair, use and maintenance of all utility and service lines and service systems, utility poles or equipment, public and private, in or on any Building, including, but not limited to, water, sewer, drainage, irrigation systems, telephones, electricity, gas (propane or natural) television cable or communication lines and systems, and police powers and services, firefighting services, supplied by the local, state and federal governments. - (c) **Cable Easements.** Declarant reserves for itself, its successors and assigns, and grants to the Association and its designees, a perpetual, exclusive easement for the installation, maintenance, and supply of radio and television cable over, under and across the rights of way and easement areas on any recorded plat of the Property. If the Association elects to enter into a "bulk rate contract" for cable television, cable television service shall be supplied to each Lot and each Owner shall be required to pay all costs in connection therewith.
- (d) **Right to Future Easements.** Declarant shall be entitled to place further easements and restrictions on any Lot, Roadway, right of way and the Common Property while Declarant owns any portion thereof, such additional or future easements shall not unreasonably interfere with the use and enjoyment of a Lot, Roadway, right of way or the Common Property, further, such additional or future easement shall not have significant detrimental effect on any improvements constructed thereon.
- (e) **Easement for the Purpose of Maintenance.** The Declarant, the Association, their successors or assigns shall have an easement on and over any Lot or the Common Property as may be necessary to maintain the Common Property, the Roadways, right of way, the Storm Water Management System, JEA easements or such other property which the Declarant or Association is required to maintain.
- (f) **Easement for Facilitation of Construction.** The Declarant reserves the right to itself, its successors and assigns to construct model homes, temporary sales offices, temporary construction offices, temporary storage facilities for construction materials on Declarant's property as may be normally utilized in the construction and sale of homes in sub-divisions substantially similar to that being constructed on the Property. Further, Declarant or any other builder owning a Lot shall be entitled to such access as may be reasonably necessary in order to construct improvements on any Lot owned by such Declarant or builder.
- (g) **Declarant's Rights.** Declarant, its successors and assigns, shall have the unrestricted right, without approval or joinder of any other person or entity: (i) to designate the use of, alienate, release, or otherwise assign the easements shown in any plat of the Property or described herein; (ii) to plat or replat all or any part of the Property owned by Declarant; and (iii) to widen or extend any right-of-way shown on any plat of the Property or convert a Lot to use as a right-of-way, provided that Declarant owns the lands affected by such changes. The Owners of Lots subject to easements shown on any plat of the Property shall acquire no right, title, or interest in any of the cables, conduits, pipes, mains, lines, or other equipment or facilities placed on, over, or under the easement area. The Owners of Lots subject to any easements shall not construct any improvements on the easement areas, alter the drainage flow of surface water, or landscape such areas with hedges, trees, or other landscape items that might interfere with the exercise

of the easement rights. Any Owner who constructs any improvements or landscaping on such easement areas shall remove the improvements or landscape items upon written request of the Declarant, the Association or the grantee of the easement. Declarant and the Association shall have the right but not the obligation to take any reasonable action necessary to correct any condition which alters or affects the drainage flow of surface water

- (h) **Blanket Easement over Townhome Lots for Maintenance, Repair and Replacement by the Association and over Townhome Lots for Landscape Maintenance by the Association.** The Association is granted a perpetual non-exclusive easement for ingress and egress, at all times, over and across the Townhome Lots for the Association to fulfill its obligations as set forth in this Declaration; provided however, that if the Association is ever dissolved then all maintenance, repair and replacement obligations relating to the Townhome Lots shall be the responsibility and financial obligation of the Owners of each such Townhome Lot and the Townhome Units located on each Townhome Lot.

5.5 Townhome Landscape Assessments. Each Townhome Lot shall be subject to a Townhome Landscape Assessment, in addition to the Annual Assessment otherwise provided in this Declaration for the purpose of providing maintenance for the landscaping on the Townhome Lots. The Association shall be responsible for providing landscape maintenance for the landscaping on the Townhome Lots. The total cost of the maintenance of the Townhome Lots shall be included in the annual budget and shall be assessed against all Townhome Lot Owners. In addition to the Townhome Landscape Assessment, the association may levy in any fiscal year a Special Assessment for Townhome Landscape maintenance or replacement for the purpose of defraying, in whole or in part, the cost of any maintenance, repair or replacement of Townhome Landscaping or for any purpose deemed desirable or appropriate by the Board of Directors; however, any such special assessment shall have the approval of a majority of the votes of the Townhome Lot Owners who are in attendance and vote in person or by proxy at a meeting duly called for the said purpose.

5.6 Changes to Townhomes. Subject to the declarant's rights under the Master Declaration prior to turnover, neither the Association nor any Owner shall make or permit any structural modifications or alterations of any Common Structural Elements of any Townhome except with the prior written consent of the ARB or its successor, and all Institutional Mortgagees holding a mortgage on the Townhome. Notwithstanding the foregoing, maintenance and/or repair of such structures in a manner consistent with the originally construction shall not require the foregoing consent. Consent may be withheld if, in sole discretion of the party requested to give same, it appears that such modification or alteration would affect or in any manner endanger other Townhomes or property located on any other Lot or on Common Property. No Townhome may be demolished or removed without the prior consent of all the Townhomes Sharing Common Structural Elements and all Institutional Mortgagees holding a mortgage on any other Townhome sharing Common Structural Elements and the Declarant or its Successors. Declarant shall have the right to assign all of its rights and privileges under this Article to the Association.

5.7 Repair and Reconstruction After Fire or Other Casualty.

(a) **Common Property.** In the event of damage to or destruction of all or any of the improvements on any Common Property owned by the Association, as a result of fire or other casualty, the Association may in its discretion arrange for repair and restoration of such damaged improvements substantially in accordance with the plans and specifications under which the improvements were originally constructed, or any modification thereof approved by the Board of Directors and the ARB. The Board of Directors shall proceed towards reconstruction of such

improvements as quickly as practicable under the circumstances and shall obtain funds for such reconstruction from the insurance proceeds and any Special Assessments that may be necessary after exhaustion of reserves for the repair and replacement of such improvements.

(b) **Residences.** Any Owner whose Residence is destroyed or damaged by fire or other casualty shall immediately proceed to build and restore his Residence to the conditions existing immediately prior to such damage or destruction, unless other plans are approved in accordance with the provisions of Article VIII and Article IX below. Provided, however, if the damage is so extensive that the Owner determines not to rebuild the Residence, the Owner may remove all remaining improvements and debris and sod the Lot. In such event, all landscaping obligations on the part of Owner shall remain in effect

ARTICLE VI.

COVENANTS FOR MAINTENANCE ASSESSMENTS

6.1 Creation of the Lien and Personal Obligation of Assessments. Each Owner of a Lot within the Property hereby covenants, and by acceptance of a deed to a Lot or other parcel within the Property, whether or not it shall be so expressed in any such deed or other conveyance, including without limitation, any purchaser at a judicial sale, shall be deemed to covenant and agree to pay to the Association any annual, special and area assessments established and levied pursuant to the terms of this Declaration. All such assessments, together with interest from the due date at the highest lawful rate and costs of collection (including reasonable attorneys' fees), shall be a charge and continuing lien upon each Lot against which each such assessment is levied, and shall also be the personal obligation of the Owner. No Owner may avoid liability for the assessments by waiver of rights to use, or by non-use of, the Common Areas or by abandonment.

6.2 Purpose of Assessments; Special Assessments.

(a) The annual assessments levied by the Association against all Owners shall be used for the purposes of operational expenses, management and accounting fees, taxes, insurance, utility charges and other expenses relating to the Common Area, to fund the obligations of the Association set forth in Section 4.4, to provide common services to the Owners, and for all other purposes reasonably contemplated by this Declaration, the Articles, the Bylaws, or any cost sharing or similar agreement to which the Association is or may become a party. Further, such annual assessments may be levied to fund reasonable reserves for deferred maintenance of or non-recurring expenses related to the Common Area. Any assessments which may be collected by the Association to fund reserves shall be separately accounted for, it being the requirement of this Declaration that such funds shall be used exclusively for deferred maintenance of, or non-recurring expenses related to, the Common Area.

(b) The Board of Directors may by a majority vote of its members, levy special assessments for any purpose relating to permissible or required activities of the Association pursuant to this Declaration, the Articles, or any cost sharing or similar agreement to which the Association is or may become a party. Special assessments shall be allocated among the Owners as provided in Section 6.3.

6.3 Calculation and Collection of Assessments. Annual assessments shall be established by the Board of Directors based upon an annual budget. Each Owner's pro rata share of the total annual assessment or any special assessment shall be based upon an equal amount per Lot. The assessment obligations of each Owner other than the Declarant shall commence upon the recordation of this Declaration in the current public records of St. Johns County, Florida. Annual assessments shall be collectable in advance on a periodic basis established by the Board of Directors from time to time, which periodic basis shall not be less frequent than quarterly. Special assessments shall be collectable in advance in the manner

established by the Board of Directors at the time such special assessments are authorized. The Annual Assessments for Townhome Lots shall include the additional assessments provided for in this declaration. The assessments for Townhome Lots shall be paid equally by each Townhome Owner.

6.4 Area Assessments. The Board of Directors may establish and levy annual and special assessments to fund specific services authorized by the Board from time to time which shall benefit only specific Lots (the "**Area Assessments**"). The Area Assessments shall be levied against only those Lots that receive the benefit of such services and shall be allocated among only the Owners of such Lots on an equal basis. The identity of the Lot or Lots that are deemed to receive the benefit of the Area Assessments authorized by this Section 4.4 shall be determined by the Board in its sole discretion.

6.5 Capital Contributions. Upon the initial conveyance to any party (the "**Buying Party**") of any Lot on which a home has been completed, the Buying Party shall be required to make a one-time capital contribution to the Association in the sum of _____ and No/100 Dollars (\$ _____). Capital contributions collected pursuant to this section 4.5 may be used for any purpose reasonably contemplated by this Declaration or the Association's Articles of Incorporation or Bylaws, as determined in the reasonable discretion of the Association's Board of Directors.

6.6 Effect of Non-Payment of Assessment: Lien, Personal Obligation, and Remedies of Association. The lien of the Association shall be effective from and after recording in the public records of St. Johns County, Florida, a claim of lien stating the description of the encumbered Lot, the name of the Owner, the amount and the due date. Such claim of lien shall include assessments which are due and payable when the claim of lien is recorded as well as assessments which may accrue thereafter, plus interest, costs of collection, attorneys' fees, advances to pay taxes and prior encumbrances and interest. Upon full payment of all sums secured by a claim of lien, the claim of lien shall be satisfied of record, and the affected Owner shall pay the cost of the satisfaction. If any assessment is not paid within fifteen (15) days after the due date, the assessment shall bear interest from the due date at the highest lawful rate, and the Association may at any time thereafter bring an action to enforce the lien by appropriate foreclosure proceedings and/or a suit on the personal obligation against the Owner. There shall be added to the amount of such delinquent assessment the costs of collection incurred by the Association, or such Owner, which shall specifically include without limitation reasonable attorneys' fees for pre-trial demands, preparation, trial, appeal and in bankruptcy proceedings. Upon receipt of a written request from any Owner, the Association shall provide such Owner with a written statement of all assessments and other charges due or to become due from such Owner to the Association, which shall be binding on the Association through the date indicated on the Association's written statement.

6.7 Subordination of Lien to Mortgages. The lien of the assessments provided for by this Declaration shall be subordinate to the lien of any bona fide mortgage which is perfected by recording prior to the recording of the claim of lien for any such unpaid assessments. Such subordination shall apply only to the lien for assessments which have become due and payable prior to a sale or transfer of the Lot pursuant to a decree of foreclosure, by deed in lieu of foreclosure or pursuant to any other proceeding in lieu of foreclosure of such mortgage. No such sale or other transfer shall relieve any Lot from liability for any assessments thereafter becoming due, nor from the lien of any such subsequent assessments. Notwithstanding any provision of this Declaration to the contrary, nothing contained herein shall relieve any lender or mortgage holder of the obligation to pay assessments due to the Association pursuant to Section 720.3085 Florida Statutes (2018), or any law of similar import.

6.8 Declarant's Assessments. Notwithstanding any provision of this Declaration to the contrary, during the Development Period (as defined below) the Lots and other portions of the Property owned by the Declarant shall not be subject to any annual, special or area assessments levied by the Association or to any lien for such assessments. During the Development Period, and in lieu of payment

of any assessments to the Association, the Declarant shall pay the balance of the actual operating expenses of the Association (which operating expenses shall not include any bad debt or similar expense) remaining after the levying of and payment of assessments due from Owners other than the Declarant pursuant to assessments levied by the Board of Directors pursuant to this Declaration. The Declarant shall be obligated to fund such balance only as the operating expenses are actually incurred by the Association during the Development Period. The Development Period shall begin upon the conveyance of the first Lot in the Property to an Owner other than the Declarant and shall continue until (i) Declarant shall no longer have the right to elect or appoint a majority of the Association's Board of Directors; or (ii) the Declarant shall notify the Association that it will no longer pay for operating deficits of the Association. Upon termination of the Declarant's agreement to pay operating deficits, the Declarant shall become obligated to pay assessments on Lots owned by it within the Property on the same basis as other Owners. In no event shall the Declarant be obligated to pay for operating deficits of the Association after the Declarant no longer owns any Lots within the Property.

6.9 Notice of Transfer. Prior to the conveyance or transfer of any Lot or other portion of the Property, the Owner shall obtain from the Association, a written statement of any and all assessments, costs, or other charges owed to the Association by such Owner with respect to such portion of the Property. All such assessments, costs and other charges shall be paid simultaneous with the closing of such Owner's conveyance or transfer of such portion of the Property, and in the event that the same shall not be paid, both the Owner and the Owner's grantee shall be jointly and severally responsible for the payment of same, and such portion of the Property shall be subject to the Association's lien for such unpaid sums as more particularly set forth in this Article V. Following the closing of any such conveyance or transfer, the new Owner shall, within fifteen (15) days of the effective date of such conveyance or transfer, notify the Association of the name and mailing address of the new Owner.

ARTICLE VII.

UTILITY PROVISIONS

7.1 Water System. The central water supply system provided for the service of the Property shall be used as sole source of potable water for all water spigots and outlets located within or on all buildings and improvements located within the Property. ARTICLE VIII.
EXTERIOR MAINTENANCE ASSESSMENT

8.1 Exterior Maintenance. The Association may provide maintenance upon any Lot or Limited Common Area, or any improvement located on a Lot or Limited Common Area, when necessary in the opinion of the Association's Board of Directors to preserve the beauty, quality, or value of any or all portions of the Property. Such maintenance shall include but shall not be limited to painting, roof repair and replacement, repair of gutters, downspouts, and exterior building surfaces, and yard clean up and yard maintenance. Each affected Owner shall have five (5) days within which to perform the required maintenance after being notified in writing by the Association that such maintenance is necessary before the Association undertakes the maintenance.

8.2 Assessments of Costs. The cost of any maintenance undertaken by the Association under the provisions of Section 8.1 shall be assessed against each Lot upon which such maintenance is performed or, in opinion of the Board, benefitting from same. Exterior maintenance assessments shall not be considered a part of the annual or special assessments imposed upon the Property pursuant to Article V of this Declaration. Any exterior maintenance assessment shall be a lien upon each Lot assessed and the personal obligation of the Owner of each such Lot and shall become due and payable in all respects, together with interest, attorneys fees, and costs of collection, as provided for in Article V of this Declaration, and shall be subordinate to mortgage liens to the extent provided by Section 6.7.

8.3 Access. For the purpose of performing the maintenance authorized by this Article, the Association, through its duly authorized agents or employees, shall have the right, after the notice to the Owner provided under Section 8.1, to enter upon any Lot at reasonable hours on any day except Sunday. In the case of emergency repairs, access will be permitted at any time with only such notice as under the circumstances is practically affordable.

ARTICLE IX.
USE RESTRICTIONS AND RIGHTS AND EASEMENTS
RESERVED BY DECLARANT

9.1 Residential Use. The Lots may be used for residential dwellings and associated uses only. No Lot shall be used for the operation of a rooming house, hostel, hotel, bed and breakfast, any internet based short term rental program such as AirBNB, VRBO or HomeAway, or any similar business or activity involving rentals of Lots for periods of less than six (6) months. The Lots may be used for model homes during the development and sale of Lots within the Property or other uses that are (i) permissible under the PUD; and (ii) expressly authorized in writing by the Declarant, in its sole discretion. No Lot shall be divided, subdivided, reduced in size or combined with another Lot without the prior written consent of the Declarant. Assessments for common expenses attributable to any Lot which may be subdivided or combined pursuant to this Section 9.1 shall be reallocated by the Declarant, in its sole discretion, at the time written consent for such subdivision is given by the Declarant.

9.2 Lot Coverage and Living Area. The maximum ground area to be occupied by residential buildings and structures to be constructed upon the Lots shall be as stated in the PUD and the minimum and maximum square footage of heated and air conditioned space within single family residences to be constructed on the Lots (if any) shall be as stated in the Design Guidelines adopted by the Declarant or the Association, as applicable, pursuant to Article X.

9.3 No Detached Buildings. No tool or storage sheds, tents, trailers, tanks, temporary or accessory buildings or structures shall be erected or permitted to remain on any Lot without the prior written

consent of the Declarant. Detached garages shall be reviewed in accordance with the architectural review process described in Article X.

9.4 Setbacks. The building setbacks applicable to the Lots and the method of measurement of setbacks shall be as stated in the PUD. More restrictive building setbacks may be included in the Design Guidelines adopted by the Declarant or the Association, as applicable, pursuant to the terms of Article X, or the design guidelines adopted pursuant to the terms of the Master Declaration.

9.5 Landscaping. Landscaping shall be installed on each Lot as stated hereafter.

(a) A detailed landscaping plan for each Lot and any appurtenant Limited Common Area must be submitted to and approved by the Declarant at the time of initial construction of a residence on such Lot. All plant material shall be of Florida Grade Number One or better. Maximum use of any existing trees and shrubs, and natural landscaping techniques shall be encouraged. Sodding with only the grass varieties specified by the Design Guidelines described in Article X will be required on all yards. No seeding and/or sprigging shall be permitted. An underground automatic sprinkler system of sufficient size and capacity to irrigate all sodded and landscaped areas must be installed and maintained in good working order on all Lots and Limited Common Areas. All such sprinkler systems shall be designed to use and include timers, rain detectors and similar water conservation features employing "smart" technology. All Lots and appurtenant Limited Common Areas that are not landscaped or left in a natural wooded state shall be sodded and irrigated to the paved roadway and/or lake's edge where such Lot abuts a roadway and/or lake. All landscaping plans shall also comply with all applicable portions of the Design Guidelines.

(b) A minimum of fifty percent (50%) of all shrub material used in landscaping each Lot shall be drought resistant or native to the Southeastern Atlantic coastal plain. Preservation of existing, native plants shall be encouraged.

(c) Except as approved pursuant to Article X of this Declaration, no change shall be made to any landscaping improvements, existing vegetation or fences located within any Lot or Limited Common Area.

(d) Subsequent to approval by the Declarant of landscaping plans submitted pursuant to subparagraph (a) above, the Owner shall be obligated to complete the landscaping of such Owner's Lot and any appurtenant Limited Common Area in accordance with such plans and subparagraph (a) above, within fifteen (15) days following the issuance of a Certificate of Occupancy for the residence constructed on the Lot by the Building Department of St. Johns County, Florida, or other governmental authority having jurisdiction. In the event the required landscaping is not completed, the Declarant shall have the right to enter the Lot and complete the landscaping in accordance with the approved plans, in the same manner as exterior maintenance may be performed by the Association pursuant to Article VIII of this Declaration. The Declarant shall be entitled to a lien against the Lot in an amount equal to one hundred ten percent (110%) of the cost to complete landscaping on such Lot and Limited Common Area, which sum may be collected in the same manner as assessments are collected pursuant to Article VI of this Declaration.

9.6 Motor Vehicles and Boats. No watercraft (including without limitation, boats and jet skis), recreation vehicles or other motor vehicles, except four wheel passenger automobiles and pick-up trucks, shall be placed, parked or stored upon any Lot, nor shall any significant repair be performed upon any boat or motor vehicle upon any Lot, except within a building or otherwise obscured so as to be substantially screened from public view. This restriction is not intended to prevent an Owner from temporarily parking a water craft or recreational vehicle in the driveway of a Lot for the purpose of washing, loading or similar activities for a reasonable period of time. Four wheel passenger automobiles must be stored only on the Owner's driveway or within a garage and not on any other portion of a Lot or other parcel

within the Property. Commercial vehicles shall not be parked within the Property within public view on a regular basis. Construction trailers may be parked only with the prior written consent of the Declarant and in an area designated by the Declarant. Four wheel passenger automobiles may be parked on paved streets within the Property on a temporary basis, provided that the same are not parked so as to impede traffic flow or interfere with access by emergency vehicles of any description.

9.7 Nuisances. Nothing shall be done or maintained on any Lot which is a nuisance to any party. Any activity on a Lot which interferes with television, radio, cable or internet reception on another Lot shall be deemed a nuisance and a prohibited activity. If a dispute or question arises as to what is a nuisance, the issue shall be submitted to the Association's Board of Directors, whose decision shall be dispositive of such dispute or question. No improper or unlawful use shall be made of any portion of the Property and all valid laws, zoning ordinances and regulations of governmental agencies having jurisdiction thereof shall be complied with.

9.8 Antenna. The installation of all aerials, antennae or satellite dishes shall be subject to the approval of the Declarant in accordance with Design Guidelines imposed by the Declarant or the Association from time to time.

9.9 Lakes. Only the Master Association or the Association shall have the right to pump or otherwise remove any water from any lake located within or adjacent to the Property for the purpose of irrigation or other use. The Master Association or the Association (with the consent of the Master Association) shall have the sole and absolute right (but no obligation) to control the water level of such lake or lakes and to control the growth and eradication of plants, fowl, reptiles, animals, fish and fungi in or on any such lake. No Owner shall have the right to place herbicide or any other chemicals within any lake. No gas or diesel driven boat shall be permitted to be operated on any lake except in connection with maintenance performed by the Master Association or the Association. Lots and Limited Common Areas which are adjacent to or include a portion of a lake (the "**Lake Parcels**") shall be maintained to the water's edge by the applicable Owner so that the grass, plantings or other lateral support located within the Lake Parcels will prevent erosion of the embankment adjacent to the lake, and the height, grade and contour of the embankment shall not be changed without the prior written consent of the Master Association. Further, all shoreline vegetation shall be maintained and controlled by the Owner of any Lake Parcel pursuant to the requirements of Section 8.16. If the Owner of any Lake Parcel fails to maintain the embankment or shoreline vegetation as part of its landscape maintenance obligations, the Association and/or the Master Association shall have the right, but no obligation, to enter upon any such Lake Parcel to perform any maintenance work that may be reasonably required, all at the expense of the Owner of the Lake Parcel pursuant to the provisions of Article VIII of this Declaration. Title to any Lake Parcel shall not include ownership of any riparian rights. No docks, bulkheads or other structures shall be constructed on any embankments unless and until they are approved by the Declarant and the Master Association. The Association shall have the right to adopt reasonable rules and regulations from time to time in connection with use of the surface waters of any lake adjacent to or nearby the Property. The Association shall have the right to deny such use to any person who in the opinion of the Association may create or participate in the disturbance or nuisance on any part of the surface waters of any such lake. The use of the surface waters of any such lake shall be subject to rights granted to other persons pursuant to the rules and regulations of the Association.

9.10 Insurance and Casualty Damages. Each Owner shall be required to obtain and maintain in force and effect a policy of fire and other casualty insurance with coverage adequate to cover the full replacement cost of the dwelling and other improvements located on the Owner's Lot. In the event of damage or destruction by fire or other casualty to the improvements on any Lot, the Owner shall commence reconstruction of the improvements within six (6) months from date of casualty and shall repair or rebuild such damaged or destroyed improvements in a good workmanlike manner, within a reasonable

time not to exceed one year and in accordance with the provisions of this Declaration. The improvements shall be reconstructed in accordance with the original plans and specifications including color scheme, placement on Lot and materials. All debris must be removed immediately and the Lot shall be restored to an orderly condition within a reasonable time not to exceed sixty (60) days from the date of such damage or destruction.

9.11 Trees. Except in connection with the initial development of Property by the Declarant, no tree or shrub, the trunk of which exceeds six (6) inches in diameter one (1) foot above the ground, shall be cut down, destroyed or removed from a Lot without the prior express written consent of the Declarant.

9.12 Artificial Vegetation. No artificial grass, plants or other artificial vegetation shall be placed or maintained upon the exterior portion of any Lot, unless approved by the Declarant.

9.13 Signs; Flags. No sign of any kind shall be displayed to the public view on any Lot except as may be approved as to size and design and in accordance with criteria established by the Declarant. Notwithstanding the foregoing, each Owner shall have the right to display in or on their Lot and/or Residence an approximately 3' by 5' American flag as well as any other approximately 3' by 5' flag with the insignia, symbol or logo, as applicable, of (i) any United States military branch or military veterans' organization, or (ii) any state, federal or local law enforcement agency or department, fire department, or other civil service agency. The foregoing sentence shall not be deemed to be a limitation of any other type of flag or an exclusive listing of flags or other banners that may be displayed, subject to the applicable provisions set forth in this Declaration.

9.14 Lighting. No lighting shall be permitted which alters the residential character of the Property.

9.15 Animals. Dogs shall be kept under control by each Owner at all times and leashed when outside the boundaries of the Owner's Lot. Animals shall be kept for the pleasure of Owners only and not for any commercial or breeding use or purposes. If, in the discretion of the Board, any animal is deemed dangerous or a nuisance to other Owners, or destructive of wildlife or property, such animal may not thereafter be kept on a Lot. Further, in the event any group of animals shall collectively become dangerous or a nuisance to other Owners, or destructive to wildlife or property, the Board shall have the right to require the applicable Owner to reduce the number of animals kept on the Lot, or to take such other remedial action as the Board shall specify. Cats shall not be allowed to roam freely or become feral. By rule adopted by the Board from time to time, the Board may specify the maximum number and/or sizes of dogs, cats and other pets which may be kept on any Lot.

9.16 Maintenance of Lots and Limited Common Areas. No weeds, underbrush or other unsightly vegetation shall be permitted to grow or remain upon any Lot or appurtenant Limited Common Area, and no refuse pile or unsightly objects shall be allowed to remain anywhere within the Property. All Lots and appurtenant Limited Common Areas and any improvements located within the Lots and Limited Common Areas, shall at all times be maintained by their respective Owners in a neat and attractive condition and landscaping shall be maintained in a neat, attractive and orderly manner, including maintenance of grass, plants, plant beds, trees, turf, proper irrigation and lake edge maintenance, all in a manner with such frequency as is consistent with good property management. In order to implement effective control, the Association, its agents and assigns, shall have the right to enter upon any Lot for the purpose of mowing, pruning, removing, clearing, or cutting underbrush, weeds or other unsightly growth and trash which in the opinion of the Board distracts from the overall beauty and safety of the Property in accordance with the provisions of Article VIII. Further, in the event that any landscaped or natural areas shall be removed or altered without approval pursuant to Article X, the Declarant and the Association shall have the right to require that the applicable Owner restore such areas, and such obligation may also be enforced in

accordance with the provisions of Article VIII. During construction of each home or other improvements, the Owner will be required to maintain his Lot in a clean condition, providing for trash and rubbish receptacles and disposal. Construction debris shall not be permitted to remain upon any Lot. By rule adopted by the Board from time to time, the Board may specify the location for construction entrances and routes through the Property which shall be used by all parties participating in construction activities within the Property. Further, by rule adopted by the Board from time to time, the Board may specify exclusive locations for concrete washouts and similar uses occurring in connection with all such construction activities.

9.17 Fences. Except as approved by the Declarant, no fence, wall or other barrier shall be constructed on any Lot or any other portion of the Property, except that swimming pools shall be fenced or otherwise secured as provided by law and subject to the Design Guidelines defined in Section 10.1. Any fence installed on any Lot or appurtenant Limited Common Area shall conform with the Design Criteria and shall be maintained in a state of good repair and replaced as necessary by the Owner of the applicable Lot. Further, no such fence may be removed or altered without the approval of the Declarant pursuant to Article IX.

9.21 Common DRI/PUD. Due to the integrated nature of the Property and the lands described in the DRI and the PUD, no Owner, or any other person or entity shall construct any improvements upon the Property, nor take any action, which in the sole opinion of the Declarant, would result in a violation or modification of the terms and provisions of the DRI or the PUD, as the same may be amended from time to time, without the prior written consent of the Declarant.

9.22 Compliance with Laws. All Owners and other occupants of the Property shall at all times comply with the terms of the DRI, the PUD, and all environmental, land use, marketing and consumer protection ordinances, statutes and regulations applicable to the Property or to any improvements constructed thereon, as well as all governmental rules, regulations, statutes and ordinances applicable to each Owner in connection with operation of improvements located within the Property.

9.23 Platting and Additional Restrictions. The Declarant shall be entitled at any time, and from time to time, to plat or replat all or any part of the Property, and to file any covenants and restrictions, or amendments to this Declaration, with respect to any portion or portions of the Property owned by the Declarant, without the consent or joinder of any other party.

9.24 Rental Restrictions.

(a) No Lot may be leased by any Owner or any Owner's agent, tenant or other person having any interest in a Lot, to any party for a term which is less than six (6) months. No Lot may be leased more than twice during any twelve (12) month period, based on the commencement date of the first lease. Any extension of the term of any lease shall be for a period of not less than six (6) months. No Owner shall at any time lease more than two (2) Lots within the Property. For purposes of this Section 8.24, (i) the term "Lot" includes all or any part of a Lot or any dwelling unit located on the Lot, (ii) the term "lease" or "leased" means and includes any arrangement for the use or occupancy of a Lot for a charge or other remuneration by or through a lease, license or other similar agreement, whether oral or written, including without limitation, any house swapping arrangement, and (iii) renewal rights shall not be included in the determination of the term of a lease. Not less than the entire home located on any Lot may be leased, and no time share units or vacation plans, as defined in Chapter 721, Florida Statutes, or otherwise, may be created or operated on any Lot. All leases shall be in writing and shall state the term thereof (a "Lease Document"), and the Association shall have the right, upon request, to inspect any Lease Document from time to time in order to verify that such document conforms to the requirements of this subsection (a). Each Owner shall provide a copy of each applicable Lease Document to the Association not less than five (5) business days prior to the commencement date for such lease. Upon violation of any provision of this subsection (a), the Association may impose a fine against an Owner, or any tenant, guest or invitee of such Owner, for each day such violation continues, up to the maximum aggregate fine determined by the Association's Board of Directors from time to time. The Association shall be entitled to a lien upon such Lot with respect to any such fine, which shall be enforceable in the same manner that liens for assessments are enforceable pursuant to the terms of Article V hereof or Chapter 720, Florida Statutes, as the same may be amended from time to time. The foregoing provisions shall not preclude, limit or impair the rights of any party to otherwise enforce the provisions of this Declaration or to pursue any other remedies available at law or in equity.

(b) All lessees and all other occupants of any Lot shall be subject to all terms and provisions of this Declaration and all of the other governing documents of the Association, to the same degree as all owners of any Lot. Each Owner agrees to cause his or her lessee, and all other occupants of any Lot, to comply with the provisions of this Declaration and all other governing documents of the Association. Each Owner shall be responsible and liable for all violations, damages or losses caused by such lessees or occupants, notwithstanding the fact that all such lessees and occupants shall also be fully and personally liable to the Association for any such violations, damages or losses. In the event that any lessee or occupant of any Lot shall violate any provision of this Declaration or any other governing documents of the Association, the Association's Board of Directors shall have the right and authority to bring legal proceedings against such persons to recover damages, seek injunctive relief, or for any other remedy available at law or in equity. Each Owner shall be jointly and severally liable with such Owner's lessee or other occupants of the Owner's Lot, to the Association for any amount (as determined in the sole and reasonable discretion of the Association) required to enable the Association to repair any damage to any portion of the Property or to pay any claim for personal injury, death or damage to property caused by the act or omission of such lessee or occupant. The Association shall be entitled to a lien upon each applicable Lot with respect to any sums due to the Association pursuant to this subsection (b), which shall be enforceable in the same manner that liens for assessments are enforceable pursuant to the terms of Article V hereof or Chapter 720, Florida Statutes, as the same may be amended from time to time.

9.25 Reservation of Right to Release Restrictions. If a building or other improvement has been or is proposed to be erected within the Property in such a manner as to constitute a violation of, variance from, or encroachment into, the covenants and restrictions set forth in, or easements granted or reserved by, this Declaration, the Declarant shall have the right to waive or release the violation, variance or encroachment so long as the Declarant, in the exercise of its sole discretion, determines in good faith that such waiver or release will not materially and adversely affect the health and safety of Owners, the value of adjacent portions of the Property, and the overall appearance of the Property. Any waiver or

release given by Declarant pursuant to this Section 9.25 shall require the prior written consent of the Master Association.

9.26 Easements for Ingress, Egress, Utilities and Drainage. The Declarant reserves for itself, its successors, assigns and designees, a right-of-way and perpetual, nonexclusive easement for ingress and egress and to erect, maintain and use utilities, electric, telephone and street lighting poles, wires, cables, conduits, storm sewers, sanitary sewers, water mains, gas, sewer, water lines, drainage ways and structures, or other public conveniences or utilities, on, in and over, (i) any portion of the Common Area; and (ii) any area designated as an easement, private street or right-of-way area on any plat of all or any portion of the Property.

9.27 Drainage Flow. Drainage flow shall not be obstructed or diverted from drainage easements. The Declarant or the Association may, but shall not be required to, cut drainways for surface water wherever and whenever such action may appear to be necessary to maintain reasonable aesthetic standards relative to the Property and surrounding properties. These easements include the right to cut any trees, bushes or shrubbery, make any grading of the land, or to take any other reasonable action necessary to install utilities and to maintain reasonable aesthetic standards, but shall not include the right to disturb any permanent improvements erected upon a Lot which are not located within the specific easement area designated on the plat or otherwise reserved in this Declaration. Notwithstanding any provision of this Section 8.27 to the contrary, neither the Declarant nor the Association shall take any action which shall alter the Surface Water or Stormwater Management System beyond maintenance in its original condition without the prior written approval of the SJRWMD.

9.28 Future Easements. Declarant reserves the right to impose further restrictions and to grant or dedicate additional easements and rights of way on any portions of the Property owned by Declarant. In addition, Declarant hereby expressly reserves the right to grant easements and rights-of-way over, under and through the Common Area so long as Declarant shall own any portion of the Property. The easements granted by Declarant shall not materially or adversely affect any improvements or unreasonably interfere with the enjoyment of the Common Area.

9.29 Additional Utility Easements. Declarant reserves for itself, its duly authorized agents, successors and assigns, a perpetual non-exclusive blanket easement throughout the Townhome Lots, under all structures and through all structures to (i) install utilities and associated infrastructure including without limitation, water, sewer, telephone, electric, gas, irrigation, cable and other systems for sending and receiving data and/or other electronic signals, security and mounting of meters on walls of any structure (ii) repair, maintenance, replacement, inspection, meter reading or other similar functions (iii) the right to allow any utility provider access for any of the purposes outlined herein. The easement referenced in this paragraph shall or may include, but not be limited to, easements across, through, or under any of the Townhome Lots to provide electrical lines or sewer lines which may begin at a point of service to the outermost portion of a Lot and run through, under or across other Lots to provide service to other townhomes built on other Townhome Lots which are adjacent to the referenced townhomes, such that one bank of electrical, water, or sewer meters may be placed on an exterior wall of one of the townhomes to serve all other connected townhomes. All work connected with the installation, repair, maintenance, replacement or inspection shall be performed in such a manner as to minimize, to the extent reasonably practicable, the interference with the use and enjoyment of the property burdened by the easement. Upon completion of any work, the person exercising the easement shall restore the property, to the extent reasonably practicable, to the condition existing prior to the work. The easements hereunder shall not include the right to enter into any structure on any of the Townhome Lots, nor shall it unreasonably interfere with the use of any of the property, except in an emergency.

9.30 Clotheslines. Subject to Section 163.04, Florida Statutes, no clotheslines or other clothes-drying facility shall be permitted on the where it would be visible from the ground level of any Lot or roadway.

9.31 Rules and Regulations. The Association, acting through its Board, shall have the right to adopt and amend reasonable rules and regulations pertaining to the use and occupancy of all portions of the Property, which shall be consistent with the provisions of this Declaration. Without limiting the foregoing, the Association shall have the right to adopt specific rules and regulations pertaining to the installation and maintenance of all landscaping and natural areas which shall promote and protect aesthetic and environmental values within and in the vicinity of the Property.

ARTICLE X.

ARCHITECTURAL CONTROL

10.1 Architectural Review and Approval. No landscaping, improvement or structure of any kind, including without limitation, any building, fence, well, screen enclosure, swimming pool, well, sewer, drain, disposal system, landscape device or object, well, driveway or other improvement shall be commenced, erected, placed or maintained upon any Lot, or upon the Common Area, nor shall any addition, change or alteration be made, unless and until the applicable plans, specifications and location have been submitted to and approved in writing by the Declarant or the Declarant's designee. All plans and specifications, which without limitation shall include all exterior colors and materials, shall be evaluated as to visual and acoustical privacy and as to the harmony of external design and location in relation to surrounding structures, topography, existing trees and other natural vegetation and as to specific conformance with architectural design guidelines which may be imposed from time to time by the Declarant (the "**Design Guidelines**"). The Design Guidelines are attached hereto and a part hereof as Exhibit E. It shall be the burden of each Owner to supply complete plans and specifications to the Declarant and no plan or specification shall be deemed approved unless a written approval is granted by the Declarant to the Owner submitting same. The Declarant shall approve or disapprove plans and specifications properly submitted within thirty (30) days of each submission. Any change or modification to an approved plan shall not be deemed approved unless a written approval is granted by the Declarant to the Owner submitting same.

10.2 Review Procedures. The Declarant shall have the following rights with respect to architectural review and approval conducted in accordance with this Article X:

(a) To promulgate, amend, eliminate or replace Design Guidelines applicable to architectural review to be conducted by the Declarant which shall be applicable to all or any portions of the Property. Any amendment of the Design Guidelines shall be consistent with the provisions of this Declaration. Notice of any amendment to the Design Guidelines, which shall include a verbatim copy of such amendment, shall be delivered to each member of the Association. The delivery to each member of the Association of notice and a copy of any amendment to the Design Guidelines shall not, however, constitute a condition precedent to the effectiveness or validity of such amendment. It shall not be necessary for the Design Guidelines, or any amendment thereto, to be recorded.

(b) To require submission of complete plans and specifications for any improvement or structure of any kind requiring review and approval pursuant to this Article X. The Declarant may also require submission of samples of building materials proposed for use on any Lot, and may require tree surveys to show the effect of the proposed improvements on existing tree cover, and such additional information as reasonably may be necessary for the Declarant to completely evaluate the proposed structure or improvement in accordance with this Declaration and applicable Design Guidelines.

(c) To approve or disapprove in accordance with the provisions of this Article X, any improvements or structures of any kind, or any change or modification thereto, the construction, erection, performance or placement of which is proposed upon any Lot, and to approve or disapprove any exterior additions, changes, modifications or alterations therein or thereon.

10.3 Variance. The Declarant may authorize variances from compliance with any architectural provisions of this Declaration or applicable Design Guidelines when circumstances such as topography, natural obstructions, hardships, or aesthetic or environmental considerations require same. Such a variance must be evidenced by a document signed by an authorized representative of the Declarant and no such variance shall be deemed approved or otherwise implied unless and until such written evidence shall have been delivered to the applicable Owner. If such a variance is granted, no violation of the covenants, conditions and restrictions contained in this Declaration shall be deemed to have occurred with respect to the matters for which the variance is granted. The granting of such a variance shall not, however, operate to waive any of the terms and provisions of this Declaration for any purpose except as to the particular Lot and particular provisions of this Declaration or applicable Design Guidelines covered by the variance, nor shall it effect in any way an Owner's obligation to comply with all governmental laws and regulations, including but not limited to, zoning ordinances and setback lines or requirements imposed by any governmental or municipal authority.

10.4 Assignment. The Declarant reserves the right to assign, in whole or in part, its reserved rights under this Article X to the Association, who upon such assignment shall automatically assume all of the Declarant's obligations under this Article X that pertain to such assigned rights. Upon such assignment, the Association shall be authorized to form an Architectural Review Board ("ARB"), who shall serve at the pleasure of the Association's Board of Directors. The ARB shall thereafter be authorized to exercise such rights of architectural control authorized by this Article X that are assigned to the Association.

10.5 Master Association Approval. All matters that are subject to architectural review and approval pursuant to Section 10.1 shall also be subject to review and approval of the Master Association in accordance with the terms of the Master Declaration. In the event of any conflict between any architectural review decision made pursuant to this Declaration, and an architectural decision made pursuant to the Master Declaration, the decision made pursuant to the Master Declaration shall control.

10.6 Water Conservation Strategies. In connection with the review of all submittals made pursuant to this Article IX, water conservation strategies, including without limitation, xeriscape landscape techniques, low-flow plumbing fixtures and "smart" technology shall be encouraged.

10.7 Limited Liability. IN CONNECTION WITH ALL REVIEWS, ACCEPTANCES, INSPECTIONS, PERMISSIONS, CONSENTS OR REQUIRED APPROVALS BY OR FROM THE DECLARANT, THE ASSOCIATION OR THE MASTER ASSOCIATION AS CONTEMPLATED BY THIS ARTICLE IX, THE DECLARANT, THE ASSOCIATION AND THE MASTER ASSOCIATION SHALL NOT BE LIABLE TO ANY OWNER OR TO ANY OTHER PERSON ON ACCOUNT OF ANY CLAIM, LIABILITY, DAMAGE OR EXPENSE SUFFERED OR INCURRED BY OR THREATENED AGAINST AN OWNER OR SUCH OTHER PERSON AND ARISING OUT OF OR IN ANY WAY RELATED TO THE SUBJECT MATTER OF ANY SUCH REVIEWS, ACCEPTANCES, INSPECTIONS, PERMISSIONS, CONSENTS OR REQUIRED APPROVALS, WHETHER GIVEN, GRANTED OR WITHHELD BY THE DECLARANT, THE ASSOCIATION OR THE MASTER ASSOCIATION.

ARTICLE XI. MASTER ASSOCIATION

11.1 Master Association Membership. Each Owner shall automatically become a member of the Master Association upon acceptance of a deed to a Lot and the issuance of a certificate of occupancy or similar authorization by St. Johns County, Florida or other governmental authority having jurisdiction, for a residential dwelling unit constructed on the Lot. The Master Association represents Owners and residents of certain portions of the Silverleaf Development. The Master Association acting through its Board of Directors, shall have certain powers, rights and duties with respect to the Property and with respect to the Silverleaf Development all as more particularly set forth in the Master Declaration and other governing documents of the Master Association.

11.2 Lien Rights. The Master Association is entitled to a lien upon any Lot for any unpaid assessments levied pursuant to the terms of the Master Declaration.

11.3 Responsibilities of this Association. If for any reason the Association refuses or fails to perform the obligations imposed on it under the terms of this Declaration or any other governing documents of the Association, the Master Association shall and is hereby authorized, but shall have no obligation, to act on behalf of the Association, and any expenses incurred by the Master Association in taking such action shall be reimbursed by the Association.

ARTICLE XII. NOTICE OF PERMIT REQUIREMENTS

12.1 Jurisdictional Areas and Permits. THE PROPERTY HAS BEEN OR WILL BE DEVELOPED IN ACCORDANCE WITH REQUIREMENTS OF CERTAIN PERMITS ISSUED BY THE ACOE AND THE SJRWMD (THE "PERMITS"), AS SUCH PERMITS MAY BE AMENDED FROM TIME TO TIME. THE PERMITS ARE OR WILL BE OWNED BY THE DECLARANT, THE ASSOCIATION AND/OR THE MASTER ASSOCIATION AND THE DECLARANT, THE ASSOCIATION AND/OR THE MASTER ASSOCIATION HAVE THE OBLIGATION TO ASSURE THAT ALL TERMS AND CONDITIONS THEREOF ARE ENFORCED. THE DECLARANT, THE ASSOCIATION AND/OR THE MASTER ASSOCIATION SHALL HAVE THE RIGHT TO BRING AN ACTION, AT LAW OR IN EQUITY, AGAINST ANY OWNER VIOLATING ANY PROVISION OF THE PERMITS.

FURTHER, ANY OWNER OWNING A LOT WHICH CONTAINS OR IS ADJACENT TO JURISDICTIONAL WETLANDS OR CONSERVATION AREAS AS ESTABLISHED BY THE ACOE, THE SJRWMD OR BY ANY APPLICABLE CONSERVATION EASEMENT, SHALL BY ACCEPTANCE OF TITLE TO THE LOT BE DEEMED TO HAVE ASSUMED THE OBLIGATION TO COMPLY WITH THE REQUIREMENTS OF THE PERMITS AS THE SAME RELATE TO THE OWNER'S LOT AND SHALL AGREE TO MAINTAIN THE JURISDICTIONAL WETLANDS AND CONSERVATION AREAS IN THE CONDITION REQUIRED UNDER THE PERMITS. IN THE EVENT THAT AN OWNER VIOLATES THE TERMS AND CONDITIONS OF THE PERMITS AND FOR ANY REASON THE DECLARANT, THE ASSOCIATION AND/OR THE MASTER ASSOCIATION IS CITED THEREFOR, THE OWNER AGREES TO INDEMNIFY, DEFEND AND HOLD THE DECLARANT, THE ASSOCIATION AND/OR THE MASTER ASSOCIATION HARMLESS FROM ALL CLAIMS, LIABILITIES AND COSTS ARISING IN CONNECTION THEREWITH, INCLUDING WITHOUT LIMITATION ALL COSTS AND ATTORNEYS' FEES, AS WELL AS ALL COSTS OF CURING SUCH VIOLATION. ARTICLE XIII. **GENERAL PROVISIONS**

13.1 Ground Leased Land. Where all or any part of a Lot has been leased by the Owner of the fee simple title to the Lot under a ground lease having an original term of not less than ten years, then so long as such ground lease shall remain in effect, all references in this Declaration to "Owner" shall be deemed to refer to the lessee under the ground lease, and any lien arising under the provisions of Article V shall attach only to the interest in the Lot of the lessee under the ground lease. The Association's reasonable identification of any party deemed to be an "Owner" pursuant to this Section 12.1 shall be dispositive.

13.2 Declarant's Reserved Rights Re: Easements. Notwithstanding any provision of this Declaration to the contrary, the Declarant shall have the right to specifically define or amend the boundaries or extent of any easement, license, or use right reserved or granted pursuant to the terms hereof. At any time, the Declarant shall have the right to execute and record an instrument which shall specifically define or amend the boundary and extent of any such easement, license or use right, or the Declarant may specifically define or amend such boundaries by the designation thereof on one or more recorded plats of portions of the Property. The Declarant's determination of the boundary and extent of any easement, license or use right reserved or granted pursuant to this Declaration in accordance with this Section 12.2, shall be dispositive for all purposes; provided nothing contained in this Section 12.2 shall authorize the Declarant to take any action that would have a material and adverse effect on any improved portion of the Property.

13.3 Remedies for Violations.

13.3.1 If any Owner or other person shall violate or attempt to violate any of the covenants or restrictions set forth in this Declaration, it shall be lawful for the Association, the Master Association, the Declarant or any Owner (i) to prosecute proceedings at law for the recovery of damages against those violating or attempting to violate the covenant or restriction; or (ii) to maintain any proceeding against those violating or attempting to violate the covenant or restriction for the purpose of preventing or enjoining all or any violations, including seeking mandatory injunctions requiring compliance with the provisions of this Declaration. The ACOE and the SJRWMD shall have the right to enforce, by a proceeding at law or in equity, the provisions contained in this Declaration which relate to the maintenance, operation and repair of the Surface Water or Stormwater Management System and/or jurisdictional wetlands or conservation areas subject to the control of the ACOE or SJRWMD. In the event of a dispute arising under this Declaration, whether or not a lawsuit or other proceeding is filed, the prevailing party shall be entitled to recovery of its reasonable attorneys' fees and costs which shall include attorneys' fees and costs for pretrial preparation, trial, appeal and in bankruptcy proceedings. Such attorneys' fees and costs shall include attorneys' fees and costs incurred in litigating entitlement to attorneys' fees and costs, as well as in determining or quantifying the amount of recoverable attorneys' fees and costs. The reasonable costs to which the prevailing party is entitled shall include costs that are taxable under any applicable statute, rule or guideline. The remedies described in this section 13.3.1 shall be construed as cumulative of all other remedies now or hereafter provided or made available elsewhere in this Declaration, or by law.

13.3.2 Fines and Suspension. In addition to all other remedies, and to the maximum extent allowed by law, the Association may impose fines or suspensions in accordance with applicable law. Any such fines may exceed an aggregate total of One Thousand and No/100 Dollars (\$1,000.00).

13.4 Severability. Invalidation of any of the provisions of this Declaration by judgment or court order shall not affect or modify any of the other provisions, which shall remain in full force and effect.

13.5 Additional Restrictions. No Owner, without the prior written consent of the Declarant, may impose any additional covenants or restrictions on any part of the Property, but the Declarant may include in any contract, deed or other instrument covering all or any part of the Property, any additional covenants or restrictions which are not inconsistent with and which do not lower standards established by this Declaration. Further, any portion of the Property which shall be approved for development of townhomes or condominium units shall be subject to specific covenants and restrictions, or declarations of condominium, as applicable, which shall be administered by a subassociation for each townhome or condominium development.

13.6 Titles. The addition of titles to the various sections of this Declaration are for convenience and identification only and the use of such titles shall not be construed to limit, enlarge, change, or otherwise modify any of the provisions hereof, each and all of which shall be construed as if not entitled.

13.7 Termination or Amendment. The covenants, restrictions, easements and other matters set forth herein shall run with the title to the Property and be binding upon each Owner, the Declarant, the Association and their respective successors and assigns for a period of fifty (50) years, and shall be automatically renewed for successive ten (10) year periods unless terminated as herein provided. The Owners holding two-thirds (2/3) or more of the total votes of the Association may alter, amend or terminate these covenants provided, however, that so long as the Declarant owns any land within the Property, no such termination or amendment shall be effective without the written consent and joinder of the Declarant. Further, until such time as the Declarant shall no longer be entitled to elect a majority of the members of the Board, subject to the requirements of Section 720.3075(5), Florida Statutes (2013), the Declarant shall have the unilateral right to amend this Declaration without the consent or joinder of any other party in any manner which does not materially and adversely affect the value of any Lot or other building parcel located within the Property. Any amendment to this Declaration which alters any provision relating to the Surface Water or Stormwater Management System, beyond maintenance in its original condition, including mitigation or preservation areas and the water management portions of the Common Area, must have the prior written approval of the SJRWMD. Any amendment to this Declaration which amends the responsibilities or obligations of the parties with respect to any permit issued by the ACOE must have prior written approval of ACOE. Any amendment to this Declaration shall be executed by the Association and Declarant, if applicable, and shall be recorded in the current public records of St. Johns County, Florida.

13.8 Assignment of Permit Responsibilities and Indemnification. In connection with the platting and development of the Property, the Declarant may assume certain obligations in connection with the Permits. The Declarant may at any time assign to the Association, and the Association shall unconditionally accept, the Permits and all of the Declarant's obligations and responsibilities for compliance with the Permits. Following such assignment, the Association shall indemnify, defend and hold the Declarant harmless from all suits, enforcement actions, damages, liability and expenses in connection with any violation of the Permits occasioned wholly or in part by any act or omission of the Association or its agents, contractors, employees, servants or licensees.

13.9 Conflict or Ambiguity in Documents. To the extent of any conflict, ambiguity, or inconsistency between this Declaration, the Articles, or the Bylaws, the terms of this Declaration shall control both the Articles and Bylaws.

13.10 Usage. Whenever used, the singular shall include the plural and the singular, and the use of any gender shall include all genders.

13.11 Effective Date. This Declaration shall become effective upon its recordation in the public records of St. Johns County, Florida.

to produce and distribute. The first step in this process is to identify the needs of the target audience. This is done through a variety of methods, including surveys, focus groups, and interviews. Once the needs are identified, the next step is to develop a plan to address them. This plan should outline the goals of the program, the methods to be used, and the resources required. The final step is to implement the plan and evaluate the results. This process is ongoing, and it is important to regularly assess the program's effectiveness and make adjustments as needed.

INTRODUCTION

This document is intended to serve as architectural guidelines for Holly Forest, a single-family subdivision located in St. Johns County, Florida (the "Community"). It contains the necessary information to guide homebuilders and homeowners through the preparation of design requirements for houses to be constructed within the subdivision. This document is prepared specifically for this community and it is recommended that it be reviewed thoroughly before any plans are prepared and presented for review.

All plans shall be reviewed by White's Ford Timber, LLC (the "Master Declarant") and by _____ (the "Declarant"). The Master Declarant and the Declarant are herein together referred to as the "Review Parties". Plans submitted for review should be addressed to:

Section 1. TITLE AND SCOPE

1.1 Title. This compilation of guidelines shall be known as the Architectural Design Guidelines, hereinafter referred to as “Guidelines” for the Community.

1.2 Purpose. The purpose of these Guidelines is to provide certain minimum standards, provisions and requirements for appropriate and acceptable design and minimum required criteria for homebuilders and homeowners implementing new construction within the Community.

1.3 Scope.

1.3.1 All new structures erected within the Community shall conform to the requirements of these Guidelines.

1.3.2 Additions, alterations, repairs or any other type of change to any structures that affect the exterior appearance shall conform to the requirements of these Guidelines.

1.3.3 Items to be reviewed will include any improvement or structure of any kind, including without limitation, any building, dwelling, fence, wall, sign, site paving, grading, sewer, drain, disposal system, decorative lighting schemes, painting or alteration of a dwelling (including doors, windows, roof), installation of solar panels or other devices, construction of fountains, swimming pools, screened enclosures, jacuzzis, construction of privacy fences, additions of awnings, shelters, gates, flower boxes, shelves and statues.

1.3.4 These Guidelines are for the purpose of outlining the requirements for residences located in the Community as well as to assist homebuilders and homeowners in the design of such residences. The evaluation of each submittal relates to matters of judgment and taste in certain instances which cannot be reduced to a simple list of measurable criteria. It is possible that a submission may meet all guidelines and criteria and still not receive approval, if in the judgment of the Review Parties the overall aesthetic impact is of the proposed improvements is not acceptable. The approval of an application for any proposed improvement shall not be construed as creating any obligation on the part of the Review Parties to approve applications involving similar designs for proposed improvements pertaining to different lots. The role of the Review Parties is to ensure that the overall quality level of the Community is maintained at the highest level possible while still allowing for each owner's individual taste in design, colors and materials.

Section 2. PROCESSING

2.1 Process for Construction

2.1.1 Homebuilders or homeowners shall examine the enclosed material for items required for review of submitted plans and specifications.

2.1.2 Plans are to be submitted along with submission fee (refer to **Exhibit A** as

it may be amended from time to time, for fee schedule) to the Review Parties. In cases of prototype models, a blanket approval from the Master Declarant may be obtained for particular models to be used in the Community. In cases of custom homes, or individual modifications, individual submittals will be required.

2.1.3 The Review Parties shall release the plans submitted by the homebuilder or the homeowner for building permit after full plan review and approval by the Review Parties is accomplished.

Note: Approval of homebuilder or homeowner plans and specifications by the Review Parties does not release the homebuilder or the homeowner from fully complying with all applicable codes and requirements. The review process described in these Design Guidelines is strictly for compliance with the design parameters as described in the Design Guidelines and all applicable covenants and restrictions.

2.1.4 All revisions to the plans and specifications must be sent to the Review Parties for approval in accordance with the requirements listed in Section 2.1. Should deviations from approved final plans become apparent during or after construction, without having been approved previously, such non-conforming construction shall be subject to removal at homebuilder's or homeowner's expense, and at the discretion of the Review Parties.

2.1.5 Two (2) weeks time should be allowed for processing and plan review.

2.1.6 The homebuilder or homeowner may commence construction upon written approval of the construction plans by the Review Parties and receipt of all required permits from the County and all other authorities having jurisdiction over the project.

3.5 Height Requirements

The maximum height for all homes shall be 35 feet.

Section 4. LANDSCAPING

4.1 Landscape Requirements

4.1.1 All landscaping shall be in accordance with the requirements of the Development of Reginal Impact Order enacted by the County under Resolution No. 2019-165, as amended (the "DRI"), Planned Unit Development Ordinance Number 2019-33, as enacted by the County, as the same may be amended (the "PUD") and the County's landscape ordinances Nothing herein shall be construed to be less than nor to reduce such requirements.

4.1.2 All front and side elevations facing the street require landscaping as outlined in this section 4.1.

4.1.3 Landscape plans submitted shall not be at a smaller scale than 1" = 20'-0". All trees, shrubs, screen material, berms, paving patterns, groundcover areas and any other elements necessary to convey the design intent shall be shown. Plans submitted for approval shall have botanical and common names, height, container size, spread and quantities of all plant material. Plant distances, in the case of hedge material and groundcovers, and spot elevations where earthwork is part of the design intent, will also be required.

4.1.4 Walks shall be constructed of four-inch (4") concrete. Patterns or alternate paving surfaces may be used if they are in keeping with the materials of the structure. These materials must be submitted and are subject to review and approval. However, asphalt pavement shall not be permitted.

4.1.5 Any plant material, trees or sod which dies or becomes unsightly after installation will be replaced by the homeowner with approved plants within 2 weeks or any notification by either of the Review Parties.

4.1.6 Equipment Screening: All air-conditioning units, well pumps, pool equipment, etc. shall be screened with landscape or other screening approved by the Review Parties.

4.2 Landscape Intent

The Review Parties consider landscaping to be a critical design element for the community and for the individual homes within the community. Landscape design should be integrated into

the design of the home from its inception. The use and preservation of native and natural landscape materials is strongly encouraged. Landscaping plans should strive to have as strong an impact as possible at the time of installation. New planting compositions should employ simple plant massing and a limited palette of plant types in order to build unity and cohesiveness in the design.

4.3 Preservation of Existing Trees

4.3.1. Preservation and enhancement of any lot areas retaining native vegetation is strongly encouraged. During the initial home construction, no trees measuring twelve inches (12") or more in diameter at a point one foot (1') above ground level may be removed without written approval of the Review Parties, unless it is located within ten feet (10') of the dwelling unit. After the initial home construction, no trees measuring six inches (6") or more in diameter at a point one foot (1') above ground level may be removed without written approval of the Review Parties, unless it is located within ten feet (10') of the dwelling unit.

4.5 Plant Material

4.5.1 Plant material shall be Florida No. 1 grade or better.

4.5.2 Yards shall be completely sodded with St. Augustine sod.

4.5.3 Groundcovers other than sod shall be planted and mulched in such a manner to present a finished appearance within three months after planting.

4.5.4 Hedge shrubs shall be a minimum three gallon (3 gal.) plant, be of a minimum height of twenty-four inches (24") immediately after planting and shall be planted at a distance of a minimum of eighteen inches (18") on center and a maximum of twenty-four inches (24") on center and conditional that the hedge shrubs are capable of growing to close all gaps within the first year after planting. Accent shrubs shall be a minimum seven-gallon (7 gal.) plant, be a minimum height of forty-eight inches (48") immediately after planting and shall be installed as a contiguous design element to accent the hedge shrub material. Groundcovers shall be a minimum one-gallon (1 gal.) plant and shall be planted at a distance of a maximum of twelve inches (12") on center.

4.5.5 Synthetic material in the form of plants is not permitted, unless approved on an exception basis.

4.5.6 Shade trees shall be species with a mature spread of twelve feet (12') minimum and having a trunk which can be maintained in a clean condition with at least three (3') feet of clear trunk.

4.5.7 Shade trees shall be a minimum of eight (8') feet in height when planted. Trunk caliper shall be minimum of two (2) inches.

4.5.8 A minimum of one (1) shade tree as outlined in this document, or the

minimum required by the County, whichever is greater, shall be provided by the homebuilder. Additionally, the street side elevation on side yards of corner lots require two (2) additional shade trees to be planted. The number of hedge shrubs shall be determined by the extent of the exterior elevation(s) fronting a street(s). All front lot elevations require landscaping. For landscaping purposes, the extent of front and side yard elevations is defined as the continuous lineal footage of the exterior walls (including the lineal footage of side walls on “bump-outs” or “L-shaped” designs that are not visible) from the outside front corners on the respective elevation, minus the lineal footage of not more than a two-car garage door opening. In addition, the street side elevation of side yards on corner lots shall require landscaping. The lineal dimensions of the elevation(s), minus the lineal footage of not more than a two-car garage opening, divided by two feet (2') (the maximum distance between plants) will yield the minimum number of hedge shrubs. The hedge shrubs may be planted in clusters or in a hedge-like fashion. The minimum number of accent shrubs per elevation is four (4). Accent shrubs may be used as a finial to a hedge, the center element in a cluster of shrubs, or side elements to bring focus to an entry. The minimum amount of required accent shrubs should not be planted separately, freestanding from other plant material. The number of ground covers will be determined by the extent of the exterior elevation(s) fronting a street(s). The lineal dimensions of the elevation(s), minus the lineal footage of not more than a two-car garage door opening, divided by one foot (1') (the maximum distance between plants) will yield the minimum number of ground cover plants. The minimum amount of ground cover plants may be used to frame hedge shrubs or clustered in focal areas around accent shrubs.

4.6 Irrigation

4.6.1 Plant material in all yards shall be 100% irrigated. The irrigation system shall comply with the applicable utility company's rules and all rules of any governmental agency having jurisdiction. The irrigation system shall be designed with “smart” technology to conserve water. Provisions shall be made for the removal of rust or stain if it is present in the water supply. In the event of rust or stain in the water supply, chemical filtration shall be incorporated in the irrigation system. If staining occurs after the homebuilder has sold the lot, the homeowner shall be responsible for the removal of the stains and the providing of appropriate filters to the system.

4.6.2 Pop-up sprinklers or low pressure staked heads shall be used in all irrigated areas.

4.6.3 Each tree planted subject to the landscape requirements shall have a bubbler nozzle installed as part of the irrigation system.

4.7 Landscape Lighting

Lighting is to be low wattage and when used, should be used on accent entrances and special features. Overall high levels of light are not desired. Intensity should be no greater than required for pedestrian safety, other than on accent landscape. The scale of this lighting should be at pedestrian level. Exterior lighting must be shielded from adjacent properties. Colored lighting is discouraged and shall be subject to the Review Parties' approval.

4.8 Recommended Landscape Material

4.8.1 The following criteria should be considered when selecting plants for use within the Community:

- Native species and evergreens.
- Relatively resistant to insects and diseases.
- Cold hardy material.
- Adaptability to existing soil conditions.
- Long life expectancy.
- Florida Friendly

4.8.2 The selection of plant material for development within the project should be given careful consideration. Attention should be given to year round appearance, maintenance requirements and cold resistance. A list of generally acceptable plants is herein provided. This list is not intended to be complete and is to be used as a guide only. Those listed may be considered to have reasonable maintenance requirements. Plant material has many variables, therefore it is necessary that all plans be reviewed and approved by the Review Parties to ensure that satisfactory plants have been selected for each location.
